Inroads Made Upon Advances from the Low Level.

CALL LOAN RATE IS EASY

Time Money, However, is Hardening Appreciably - Prices Recovered Later in the Day on Covering of Bears-Some Net Gains.

NEW YORK, August 20.—There was more selling of stocks this morning of the same character as that of yesterday and little resistance was offered. Prices in consequence declined easily during the morning, and effective inroads were made and the statem advances from the low morning, and enective inrodus were made upon the sharp advances from the low level of the year, which had been achieved last week. The reaction has run to about 6 points in Reck Island and Amalgainst week. The reaction has run to about of points in Rock Island and Amalgarmated, which were the late leaders of the upward movement, and which have, in turn, led the downward movement. The very large volume of the trading in Rock Island at the top level causes a belief that a large distribution of stock was effected by insiders at that level, and has given rise to the supposition in some quarters that the general market was under manipulation to facilitate this operation. There was no facilitate this operation. There was no facilitate this operation, which helped the market upwards in the first support and resistance to decline, which helped the market upwards in the first support and market was under manipulation to the trade of the powerful support and market speculation at great banking not favor a further advance in printer. There is an expectation in consciuence that a period of duliness and suggish fluctuations lies before the market. Special significance was attached to the drop of 23-3 in Amalgamated Copper, of two points in St. Paul and four points in Consolidated Gasjowing to the popular conception in Wall Street that the course of those particular stocks represents the attitude of Standard Obj capitalists on the market and on the financial situation. The money situation is carefully watched from day to day for the devolopment of the interior demand for currency. Call loan rates continue very easy, but the time money is hardening appreciably.

The day's movement in the grain and cotton markets were favorable to stocks, the decline in prices there indicating improved chances for the crops. With the decrease in the activity of the market a large short interest was left uncovered, which showed gathering concern as the and on one of the season of the market and a sout the best of the day. Net gain and cotton markets were favorable to stocks, find and on small dealings closed firm a about the best of the day. Net gains of a point or more are shown by a number of the Paddics and trunk lines; Atchison ris ted, which were the late leaders of the

Changed on call.

Total sales of stock to-day were 630.000 shares.

MONEY AND EXCHANGE.—CLOSE: Money on call easy at 11-262 per cent.; closing, 11-262 per cent. Time money firm—sixty days, 43-465 per cent.; ninety days, 512; six months, six per cent. Prime mercantile paper, 676-12 per cent; sterling exchange firm, with actual business in bankers bills at \$4.85.854.85.96 for demand and at \$4.83.264.83.25 for sixty day Bills; posted rates, \$4.81.264.84 all \$4.861-2; commercial bills, \$4.83; bar silver, 661-8; Mexican dollars, 43,1-2.

(Special to The Times-Dispatch.)

KEW YORK, Aug. 20.—After a somewhat ancertain opening the slock market aboved some sign of boddies and gave more evidence of two dispatch of the surplime in the precious day. A considerable section of the professional element was treding for a raily, and the declino seemed to have brought more buying orders than might have been expected through the commission bouses.

READING ACTED WELL:
Reading acted well and seemed to have a fairly strong following for any attempt to raily it. It was well understood that four per cent. at least would be shown on all classes of stock in spite of the strike loss, while the present rate of carnings is necessarily much larger.

MISSOURI PACIFIC:
The movements in Missouri Pacific were followed with some interest, as it is understood that the Gould pool adjusts its operations largely to the position of the Standard Oil interest.

CHICAGO BOUGHT ROCK ISLAND: Chicago buying orders in Rock Island were reported in the early morning trading.

HELD WELL IN FIRST HOUR:
The market held well in the first hour with
a decidedly narrowing tendency. A good many
traders were sayay at the yacht race, and
brokers usually active for the more important
interests were doing very little business.

HOESEMAN STEADIED MARKET:
A. A. Houseman did something to steady the market early, and found a fair following as he hid for stocks around the room.

Pearl and Co., who do a good deal of business for the West, had a fair-sized block of St..

Foul to sell, and gave a heavy tone to that stock in the early trading.

LOST GROUND IN SECOND HOUR:
The development of weakness in the Standard
Oil stocks was the feature of the market in the
second hour, and prices generally lost ground.
The Western houses had stock to sell, but the
foreign offerings were not very considerable.

DON'T WANT MARKET TO RALLY:
The course of Amalgumated Copper, St. Paul and Consolidated Gas was read as an indication that 28 Broadway (Standard Oil) did not want the market to raily, and traders who had teken the long side ou the sheory that a recovery was due turned around.

SEABOARD EXCHANGE:
It is said that Scaboard interests in exchange for 240,000 shores of Scaboard at 23 received 200,000 shores of Rock Island common at 22, with the understanding that it was to be put up immediately. This stock is suid to bave heen realised between 20 and 23, and the presumption is that the Rock Island interests will leave their stock to take ears of itself until the general market conditions change.

AFTERNOON TRADING:
The market about held its own, especially as some of the early selling seemed to have been for an element believed to be already short of a good deal of stock. The appearance of london on the long side of the market did something to check the decline.
One of the brokers usually trading for the Standard Oll interest said that he did not believe the Rockefeller following were interested in the extent reported. He thought, however, that some Western operators had sold Standard Oll stocks for effect, and were trusting, to

alarmist reports on crop conditions to get their stock back at a profit.

Foreign houses bought Southern Pacific and Union Pacific in fair quantity.

THE CLOSING:

The afternoon rally was the result of an attempt to take profits by the Western operators who had sold stocks earlier in the day. They found very little and were obliged to bid up with the result of rallying most of the active issues to the previous night's figures or better.

COTTON MARKETS.

NEW YORK, Aug. 20.—The cotton market opened firm at a decline of 1 point to an advance of 0 points, August being the only month lower, while the balance of the list was sustained by covering, following the higher cables and continued talk of too much rain in the caster and central beits, which was backed up by cif clai advices showing rather heavy precipitations. It was evidently a matter of doubt, howner, as to what damage the rains were actually doing and the presides were for clearing weather. At any rate the public showed no increased cleare to buy, and there was little demand from any current public showed no increased cleare to buy, and there was little demand from the current course, and septice to 10.07, and January to 10.83, while Angust recovered its 1 point loss, seeling at 12.28, and the new crop generally showed net gains of from 226 Toolnts. At this level, however, the room seemed inclined to take a test to within a few points. At the lower power, power, and the short side and prices dropped back to within a few points either way of last night's finals. During the balance of the seasion trading continued very quiet, and prices showed little alteration, the close being dull, not 2 points lower to 2 points higher. Sales were only 40,000 bales, according to estimate.

DRY GOODS MARKET.

DRY GOODS BLARKET.

NEW YORK, Aug. 20.—The dry goods market has shown little inclination to increased activity with first hards, although buyers are anxious to secure prohipt deliveries of a good many lines of merchandise and are finding it increasingly difficult to obtain satisfactory shipment. The policy of curtailment is bound to have its effect, but buyers are not obligating themselves for anything more than is absolutely necessary.

Mr. Nuckols the Builder,

Mr. Nuckols the Builder,
Editor of The Times-Dispatch:
Sir.—We notice in a recent issue of your
paper that you state Mr. J. T. Wilson is
building our new seed warehouse. This
is an error, as Mr. J. T. Nuckols has aiready completed the crection of it and
giver, us salisfaction in every way. We
have nothing against Mr. Wilson as we
believe he is a good builder, but still, in
justice to Mr. Nuckols, we think it best
to make this correction.

Yours very truly,
T. W. WOOD & SON.

AT LARGE IN MANCHESTER

Vacancy Created in the Water Department.

SUCCESSOR TO MR. MOORE

Many Improvements Made in Streets Excursionists Return-Ball Players Back-Personal Mention and Brief Items of Interest.

Manchester Bureau Times-Dispatch, No. 1102 Hull Street. The Manchester police have not yet ap rehended the two negroes who left the home of their host so unceremoniously on Tuesday night, taking many things along with them. Every effort is being

wade, however, to land the parties.

VACANCY CREATED. the position of policeman a vacancy is created in the water department. Mr. bloore is one of the engineers in that department. He will not resign until the first of the month, at which time the board will meet and elect some one to

all his place.

position. STRICETS AGAIN. The last appropriation for street im provements has been well expended by the Street Committee, and many notice improvements have already been

the Breet Committee, and many notice, able improvements have already been minde.

The work will probably keep Contractor Middendorf and the City Engineer's department busy for some months.

In the next budget the Street Committee hopes to get even a larger appropriation to still further push the perment improvements that have been mapped out.

EXCURSIONISTS RETURN.

EXCURSIONISTS RETURN. The Beach Park excursionists who went down yesterday with Stockton-Street Church returned last night, after having spent a most pleasant day, and with happy recollections of the attractions offered at this popular resort.

SLEPT IN A CAR. SLEPT IN A CAR.

Little Lewis Morgan, the son of Mr.
Anthony Morgan, of Richmond, went to
West Point on Wednesday. On his rotuce
he went to sleep in the car. The latter
was switched off to the Manchester
yards, and little Lewis slept all night.
His parents were very much alarmed,
and the police looked for the lad all
night. He was found by the watchman
in the car yesterday morning and Officer

sattraays primary and decired at the result. The committee without any recount of the ballots took as correct the certified sheets of the judges from the several procincts and declared all those nominated, who appeared to have most votes on the face of the returns.

The primary purported to have most votes on the face of the returns.

The primary purported to be held under the pure elections law, but it is well known and culversally recognized that the law was more "honored in the breach than in the observance." But it is due to say that the law was most strictly carried out by one or may be, two of the candidates, both in letter and in spirit. The law is admirable, but it is not, neither can it be (like all laws), self operative. And it is to be hoped that by the time another election or primary, should there he one, that public will be abreast with the salutary provisions of this good law and that it will not again be but a laughing stock and a roaring farce.

The true friends of the law want these facts to so to the public with the hope that public sentiment may be finally moulded in its favor.

Nest

Misfortune is liable to overtake you in money matters. Then it is that a good-sized "nest egg" in the savings bank comes "powerful handy."
Over and over again have, we seen conforting relief come to those who had accumulated a fund in this bank. If you are not already a depositor with us, we invite you to become one.

WITH the election of Mr. Mike Moore to BANK PRESIDENT BORROWED MONEY

Citizens' National of Beaumont Closed and a Receiver Named.

(By Associated Press.)
WASHINGTON, D. C., August 20.—The
Citizens' National Bank of Beaumont, Texas, was closed yesterday after examnation by National Bank Examiner J. M. Logan, and a committee of the Clearing

Logan, and a committee of the Clearing House Association, which showed estimated losses amounting to \$229,000, and doubtful items, \$49,000. Examiner Logan has been appointed receiver.

The failure of this bank, it is said, is due to the large loans made to the president, R. Oliver, and enterprises in which he is interested.

The condition of the bank on June 9, 1903, as shown by the report to the Comptroller of the Currency on that date, shows loans and discounts, \$35,511; surplus fund and undivided profits, \$36,341; individual deposits, \$432,704.

BEAUMONT, TEXAS, August 20.—All the banks except the Citizens' opened for business as usual to-day. There was no run en them, and it is not beleived that any other institution will be affected. Local merchants, as a rule, had no accounts with the Citizens' The capital of the bank is absorbed by the failure and about \$180,000 in addition is involved, part of which represents the savings of poor people.

CONDUCTOR KILLED

His Mind Affected by a Former Acci-

His Mind Affected by a Former Accident.

(Special to The Times-Dispatch.)

BLUEFTELD, W. VA., August 20.—Conductor C. F. Light, of this city, died in the Miners' Hospital, at Wolch, at 11 o'clock this morning, af injuries received a few hours earlier. The train of which he was in charge had taken the siding at Bekman to allow a through freight to pass. He stepped out of the eab on to a third track directly in front of a light engine and was run over. Both legs were mashed off, and he never recovered consciousness.

Mr. Light was aged about thirty years, and was a native of Montgomery county, Va. He leaves a wife and two small children, one only a month old.

Several months ago Mr. Light was knocked from a train by a mail crane, and was unconscious for nearly a week. It is not thought that he ever fully recovered. He had become, wery absent-minded, and at times seemed totally unconscious of his surroundings, which may account for his stepping in front of the engine.

Lynchburg District Conference.

(Special to The Times-Dispatch.)

LYNCHIBURG, VA., August 20.—The annual cenference of Lynchburg District Methodist Episcopal Church, South, which has been in session this week at Gladys, in Campell county, adjourned to-day. The following dolegates were appointed to the Virginia Conference; O. Rucker, of Bodord City: E. F. Sheftey, of Lynchburg, D. T. B. Moorman, of Campbell, and F. Barrow, of Farmille. Alternater—J. E. Blam, of Charlotte, E. J. Evans, of Cencord, and Camillus Christian, of Lynchburg, Barrow, and Camillus Christian, of Lynchburg, Reports submitted showed the district to be in a most gratifying condition.
